

Publication Fund

Doctoral students may apply for publication costs of *one* article in the dissertation. The department does not pay for review costs. The support does not include additional charges for converting a regular article for open access. Support must, where appropriate, also be sought from the University's central administration. Priority is given to PhD students who are not fully or partially linked to research projects already receiving publishing support through external grants.

Funds must be applied for and granted by the Director of the doctoral program ***before*** the manuscript is submitted for review.

Application to the Publication Fund

This should be submitted to the Director of the doctoral program.
