

Faculty Board

The minimum requirement for registration in LUCRIS at the Faculty of Social Sciences

All research active staff at the Faculty of Social Sciences are to register the following information and ensure it is kept up-to-date.

The annual deadline for registration is 1 March.

Research profile:

- Current popular science description of your research, in Swedish and English
- Profile photo, at least 600x600 px (1:1 Square)
- Subject classification according to the Swedish Higher Education Authority (maximum of three alternatives) to describe your research

Research output:

All publications are to be added in accordance with the current vice-chancellor's decision and linked to the relevant project or activity:

- Articles (in academic journals or other publications/journals)
- Books
- Book chapters
- Conference publications (contributions to proceedings, abstracts on conference websites, posters etc.)
- Reports

Projects:

Projects are those related to research, commissioned research, doctoral theses ("dissertations" in LUCRIS) or networks.

- Title (in Swedish and English)
- Short project description (in Swedish and English)
- Project participants and their roles in the project. The Project Manager (primary investigator, PI) is responsible for this. (For doctoral thesis projects the doctoral student registers as PI and enters the principal supervisor and assistant supervisor)
- First year and intended final year

- Subject classification according to the Swedish Higher Education Authority

The minimum requirement for registration in LUCRIS for organisations

Organisational units at the faculty that conduct research activities are to ensure that LUCAT features a description of the research in Swedish and English and an official translation of the unit name into English. This information is then exported to LUCRIS. Photos can be added in LUCRIS.
