

### Internship Plan

#### Instructions

The Internship Plan is a preliminary plan for how the internship is to be carried out. The internship plan must be filled out and signed by the intern and the internship provider and then approved and signed by the course supervisor ([Ingela.Stejj\\_Stalbrand@psy.lu.se](mailto:Ingela.Stejj_Stalbrand@psy.lu.se)). The approved internship plan is uploaded by the intern to antagning.se in connection with the application to the course. An approved internship plan must be uploaded for eligibility for the course. An approved internship plan does not guarantee a place on the course. In case of possible admission to the internship course, a tripartite agreement must be signed by the student, the internship provider, and the course supervisor. The tripartite agreement is the final agreement for what shall apply during the internship.
